SDZ024-028

Northern Black Hills - Central Black Hills

25		0700MST 1600MST			0	0			Heavy Snow
----	--	--------------------	--	--	---	---	--	--	------------

An early winter storm over the Black Hills of northeast Wyoming and western South Dakota re-acquainted area residents with their winter driving techniques. Snow totals ranged from 4 to 8 inches. U.S. Highway 385, south of Deadwood South Dakota, was temporarily closed after a semi-truck jack-knifed on Strawberry Hill. Numerous minor accidents were reported in the Black Hills due to slick roads. Heavy wet snow closed the Needles Highway and Iron Mountain Road in the central/southern Black Hills until snowplows could clear the roads.
